PILOT TESTS

English version* of the MOTIV-e Platform is ready. Take part in its tests!

* MOTIV-e AR Toolkit and MOTIV-e 360 Panoramas Toolkit are available also in project partners' languages

On the Platform you'll find there **materials** with which you can **improve** your **capabilities to provide ICT-enhanced training**. A **variety of ICTs** have been covered in the materials.

No account creation is required – you can log in as a guest. But, naturally, you can create your account and enter the platform with your personal logging data.

There is **no obligatory order** (learning path) to browse the Platform content. You just **pick and use** the materials **as you wish or need**.

We kindly invite you and sincerely encourage you to become the MOTIV-e Platform tester and to share your opinion on it.

There are two steps to carry out. For each, **scan** the provided **QR code** or use the **link**.

Welcome to the last issue of the MOTIV-e newsletter in which we present facts and news regarding our project.

MOTIV-e Team

INTRODUCTION

Our project is heading its end. We are finishing development of its results. Our current activities **focus on the pilot tests**. The next step is **improvement of the project products** based on the obtained feedback and **translation** to the partners' national languages, i.e.: **Latvian, Macedonian, Polish and Slovenian**.

We hope that in the future you'll be among satisfied users of the MOTIV-e project results.
